# MG Als Weekend 21 - 23 June 2024

The international MG weekend will be a 3-day event again this year.

It will again take place at the Mommark Handelskostskole, which is located near the old ferry of Mommark on the east coast of Als.

The venue has all the necessary facilities and offers nice rooms for everyone - including children!

We hope to see lots of children again this year.

## **PLEASE NOTE! Tents, caravans and motorhomes are directed to Mommark Marina Camping!**

### Rocker Cover Race

This is a very fun and exciting competition where the aim is to push the law of gravity to the limit with a mobile valve cover from an MG engine.

The race takes place on a “normalised” ramp, as described in the international rules.

If nobody crosses the finish line, the winner is the one who drives the furthest.

The winning vehicles immediately advance to the next round until all but one of the cars have been eliminated.

### Gymkhana and Mini Driving Test

Gymkhana is car gymnastics with one car and two people between pylons and mini driving tests in which anyone can take part with their everyday car without a helmet or special equipment. The test tracks are located about 500 metres from Mommarm Handelskostskole.

The day ends with lunch at Mommarm Handelskostskole.

Look forward to it - it will be a lot of fun again - you will be challenged, full and maybe a bit sporty, we hope you can last all 3 days.

**See you there!**
